

## EQUALITY & DIVERSITY POLICY – STUDENTS

Stay Campus London takes a proactive approach to equality, taking seriously the responsibility of promoting equality with regards to:

- Gender
- Ethnicity
- Disability
- Sexual Orientation
- Religion, belief or non-belief
- Age
- Marital or Civil Partnership status
- Pregnancy and maternity
- Socio-economic background
- People with diverse communication needs
- Ex-offenders

The school values everyone as an individual. It works hard to provide an environment which will ensure any person in the building will be treated fairly and equally, regardless of the above. Students at the school can be certain they will be studying in an atmosphere where everyone receives respect and can voice their needs, knowing that they will be heard.

The school works to high standards to ensure that the diverse needs of all students are recognised and met by taking account of legislative and regulatory requirements and by identifying key goals to be achieved.

No form of intimidation, bullying or harassment will be tolerated at the school. If a student believes they have been discriminated against in any way they should inform the Head of EFL, Byron Skelton, and the matter will be dealt with immediately.
